3. Status Quo of the Questions

In our last meeting (28th of July 2024) we listed questions we wanted answers for.

Here are the questions and the answers (so far):

- *Could the Minutes be published on the FIB website? (FIB)*
- Yes, that has been done. Thanks
- *Do we have an AC E-Mail Adress? (FIB)*
- No, we have not. But the AC would prefer that. We don't want our personal e-mail address to be used on the FIB-webpage

- *Should we do a survey? (AC)*
- We don't expect many answers from the federations before the WC in 2025. So we wanna prepare a survey right after the WC in March. The topic should be a review on the tournaments, from the perspective of the athletes. The members of the AC prepare the survey before the WC in March.
- *Will there be a development camp again? (FIB & SBF?)*
- Question will be send to the FIB.
- *Could documents of the camp be shared online? (FIB & SBF?)*
- Question will be send to the FIB.
- *What are the difficulties in organizing such events, like the WC? (FIB)*
- Question will be send to the FIB.
- *What could we as the AC initiate to improve the situation? (FIB)*
- Question will be send to the FIB.
- *Did we share the link of athletes365 to all the federations? (AC)*
- No, not yet.
- *Is there an official document of the FIB concerning Anti-Doping? (FIB)*
- Question will be send to the FIB.
- *Did we reach out to the IOC Athletes organization for more information? (AC)*
- No, not yet.

The chair president and the Vice chair will send the questions for the FIB & SBF to them.

4. Wishes/Topics from the athletes for the WC

The World Championship 2025 are ahead. The Athletes are keen on to play Bandy in Sweden. Some athletes are new, many already have some experience in the WC. So we as the AC decided to list topics we would like to share with the organizers of the tournaments.

Wishes:

- national anthem before the games
- individual goal music per team
- MVP election per game per nation
- short travel distance between stadium and hotel
- all the tournaments at the same place

5. Further matters

- The members of the AC don't want their private e-mail address published on the FIB webpage. Could we have an AC e-mail address, we all have access to?

Next meeting: unknown

6. Closing of the meeting

Gian Luca Beeler closes the meeting.

FIB Athletes Committee (AC)
20th of January 2025

Dear Organizers of the World Championships

The World Championship 2025 are ahead. After a long season and a lot of practises the athletes are very keen on to play Bandy in Sweden. Some athletes are new, many already have some experience in the WC. So we as the AC decided to list demands we would like to share with you, the organizers of the tournaments. We are fully aware that some are more difficult than others to achieve. But we would like to accentuate the perspective of the athletes.

- all the tournaments at the same place
- short travel distance between stadium and hotel
- detailed schedule for the games (warm-up, enter the field, game-time etc.)
- warm-up on the ice
- in case of emergency, medical personnel should be present during the game
- national anthem before the game
- individual goal music per team
- MVP election per game per nation
- pointed places for the warm-up/cool down off the ice
- same dressing rooms for the whole tournament

Thanks for your consideration.
