

FIB ANTI-DOPING TEST STATISTICS

Federation of International Bandy Statistical report of Doping Control activities, including tests In-competition and Out-of-competition.

All FIB Member Federations are welcome to report to FIB about doping controls performed in your country.

	<u>TOTAL</u>	<u>IN-COMPETITION</u>	<u>OUT-OF-COMPETITION</u>
2016	5	36	22
2017	43	24	19
2018	47	42	5
2019	54	30	24
2020	13	13	0
2021	6	6 (women)	0
2022	12	12 (4 women, 8 men)	0
Total	233		

NOTE!

The implementation of the test operations has been affected during 2020-2022 by two external factors; the Covid pandemic and the turbulent geopolitical situation. FIB will now work to catch up with the test operations, since at least the covid pandemic no longer affects the work. FIB will have a special focus on the Out-of-competition tests. We will cooperate with NADO Sweden with coordination etc.
