

MINUTES FROM THE FIB TECHNICAL COMMITTEE (TC) MEETING

Date: 1 April 2023
Place: Hotel Clarion Cardinal, Växjö
Present: Arne Anderstedt (SWE) – chairman
Pär Gustafsson (SWE)
Tobias Karlsson (FIN)
Frank Peters (NED) – secretary
Also present: Attila Adamfi – secretary general FIB
Hans-Elis Johansson - SBF
Not present: Tor Audun Sørensen (NOR)
Yury Molotkov (RUS)

1 CONDITIONS

We see during this world championship with double round robin ground league that the Conditions needs changes in case 2 or 3 teams end up with the same number of points. At first, when two teams play each other two times in the ground league, there will be only one penalty stroke competition. This is decisive in case these teams end with the same number of points.

We must change also when one game between two teams ends in 2-0 and the second game between these teams in 0-2. No draws, but the teams can end up with the same number of points. In this case there should be a penalty stroke competition after the second match. Discussion needed when 3 teams end with the same number of points and no other options are available in the Conditions.

2 TIMETABLE

Some various subjects that were discussed.

Next season, there are 4 tournaments planned in Russia.

In IOC there are (practically speaking for FIB) no changes for teams competing from Russia. So, we must see what the options are for these tournaments.

Kazakhstan showed interest to host the WCS 2024.

China is interested in organizing tournaments again.

Questions to Norway for 2023-2024 (Stein Pedersen will be contacted by Arne/Attila):

WCS Y21: Will Norway participate? If not, we have to cancel this tournament.

WCS Y17/Y19: Maybe Norway can host both tournaments as Sweden did this season?

Attila Adamfi will send a questionnaire to federations which show interest in organizing tournaments. He will send the concept to TC members to see if we don't forget anything.

WCS Irkutsk (Men A) and Syktyvkar (Men A+B) are still labelled postponed. These will be played when possible.

To have a WCS A + WCS Women together (now here in Sweden) seems a success. This can be repeated in the future.

For a WCS Y19 girls there are not enough players in the countries.

We must be creative with subjects like Team Europe, for example also a training weekend before the WCS tournament.

Next online meeting: Thursday 13 April, 14:00h, duration 2 hours.
