1 FIB International transfer regulations

Kristian Marosi gave a short presentation on the new website for the international transfers. He showed us a demo version of the new website. This website is based on FIBs database In Profixio. There are approximately 1500 bandy players registered in the database right now. Players who are not in the database needs to upload a copy of their passport to register in the new system. It will be a small delay of the transfer if the player is not in the database already. All players who have participated in a FIB tournament for the last 2 years are now in the database.

Attila informed that the transfer fees will be provided from FIB to the national federation after the transfer window have closed.

Attila also informed that FIB would inform the national federations about the new transfer regulations and the new website.

Next online meeting: Monday 3 of August, 14:00h CET.
